Glass Supply

Kitchen Splashbacks

Balustrades

Glass Partitions

Shower Screens

Bespoke Mirrors

Painted Glass

Design & Installation

More than 25 years' experience
in specialist glass supply
and installation.

We work with local architects, joiners, kitchen and bathroom fitters, as well as directly with commercial and residential end users.

Our expertise spans architectural glass in all its forms, from partitions, balustrades and floors, to custom mirrors, shower screens, glass splashbacks, worktops and more.

GLASS BALUSTRADES

Open up your space with a glass balcony or balustrade.

We can measure, supply and fit balustrades, fittings and fixtures to any specification and in a wide range of styles, including painted glass and frameless options.

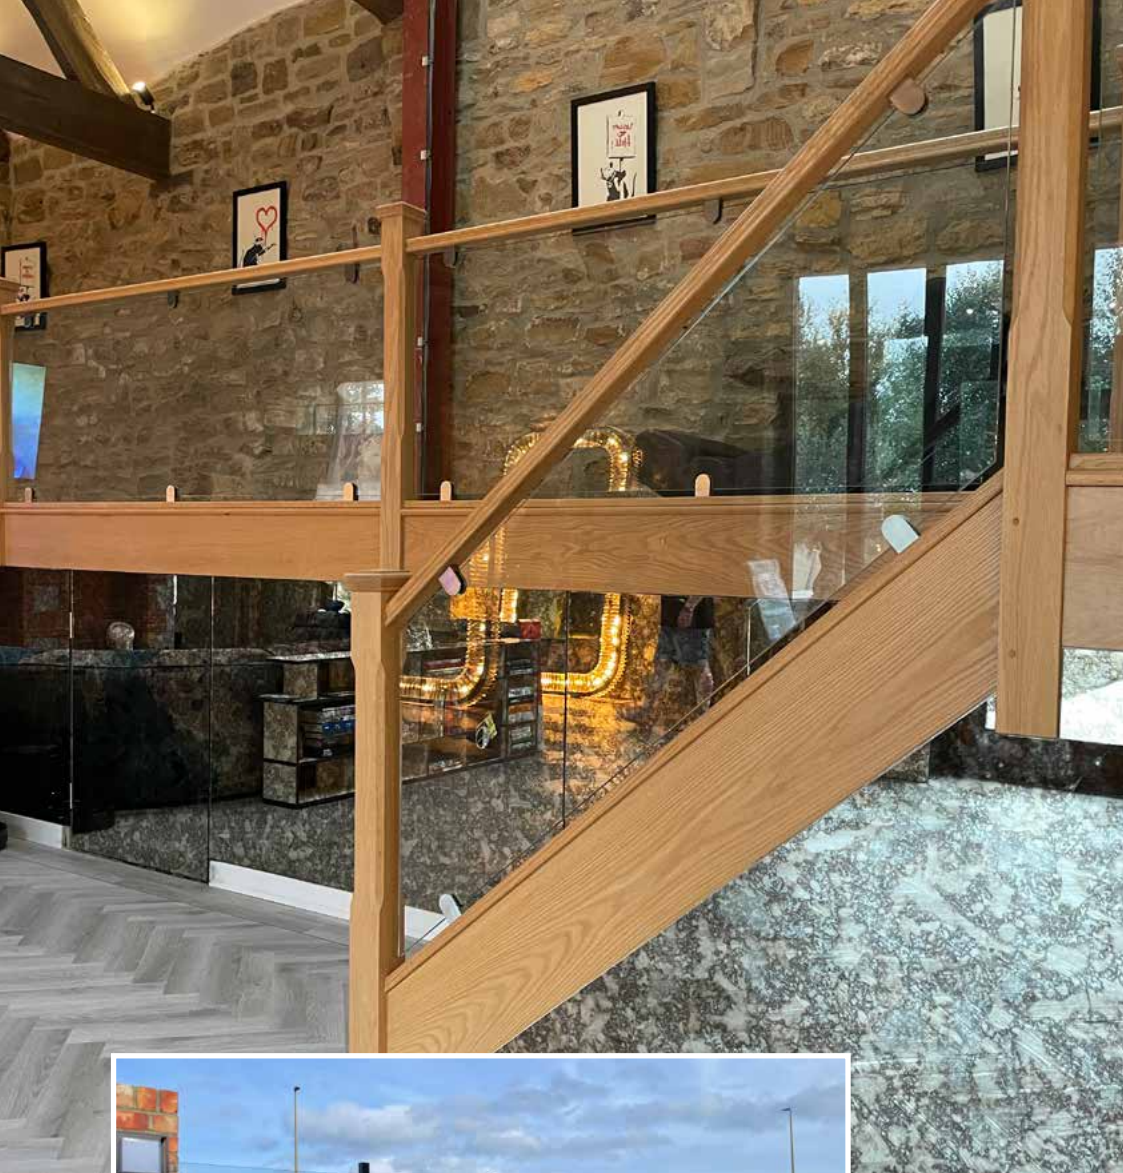

TAILORED SOLUTIONS FOR YOUR PROJECT

Few architectural features can have as much impact as glass balustrading.

Our custom glass balustrading is available in either toughened or toughened laminated glass, ensuring a high safety standard.

BESPOKE GLASS SPLASHBACKS

Inject style and colour with a mirrored or bespoke colour glass splashback for your kitchen.

From the initial design concept, through survey, template and the final install, we'll be with you every step of the way.

Our experienced designers will help make your ideas come to life.

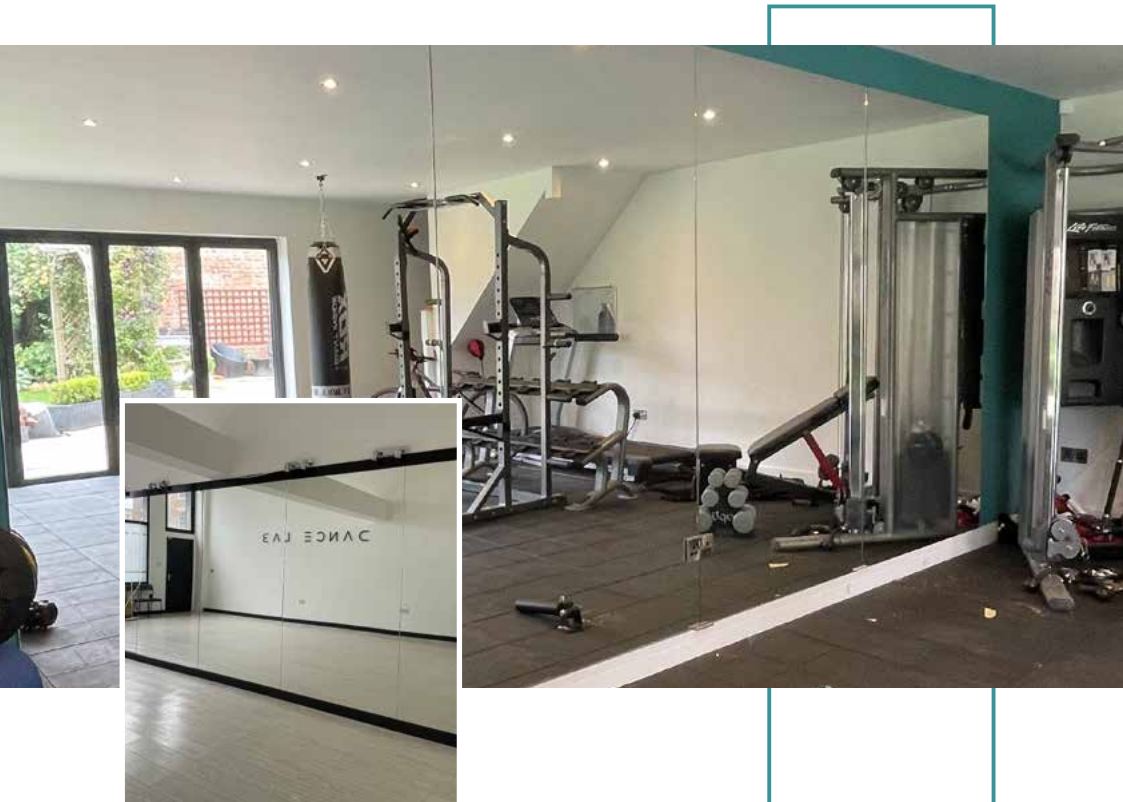

CUSTOM MIRRORS

A custom mirror is the perfect way to reflect your space.

We can supply and install mirrors in any shape or size, in a range of styles, including smoked glass and antique mirror finishes.

Add your choice of lighting and edging options to complete your unique look.

Custom mirrors for every space.

GLASS SHOWER SCREENS

Bespoke glass shower screens are a clear winner when it comes to contemporary interior design.

We can custom make your shower screen to order, in any size and in a choice of finishes. We also supply a wide range of fittings and fixtures.

GLASS PARTITIONS

Our glass partitions are a practical design solution for the office and a beautiful design statement for the home.

GLASS INSTALLATION

Our glass installation is the final step in the process.

We will survey your plans and produce bespoke templates to ensure a perfect fit on installation.

As well as custom glass products, we also supply a full range of metalwork, fittings and fixtures.
